Restricted advice – We give advice in relation to Pension and Investment products based upon research of a range of products available in the market, but we do not consider all providers or funds in the market. You may ask us for a list of the companies or funds that we offer advice on.

Restricted non-advised service - You will not receive a personal recommendation from us for Pensions Savings or Flexi-Access Drawdown. We may ask some questions to narrow down the selection of products and providers that we will provide details on. You will then need to make your own choice about how to proceed. You may ask us for a list of the companies or funds that make-up the selection of products and providers for this non-advised service.

We reserve the right not to transact business on a non-advised basis if we feel that it is not in a client's best interest.

Annuity

Whole of Market non-advised service – You will not receive a personal recommendation from us in relation to Annuities, including Temporary Annuities. We may ask some questions to narrow down the selection of annuities and providers based upon research of a sufficiently diverse range of products available within the market. You will then need to make your own choice about how to proceed.

4. Your payment options

18. All of fees that you may select to pay to us by single payment either by cheque or bank transfer become payable within 3 weeks of our advice and / or the implementation work being completed.

Settling your adviser charge through a single payment

19. Whether you buy a product or not you will be required to pay us an adviser charge for our advice and services, this will become payable on completion of our work. You may decide to settle your adviser charge by way of a single payment either by cheque or bank transfer. Where you have purchased a product you may also have the option of paying our adviser charge by a single deduction from the product.

Settling your adviser charge by instalments

20. In the case of regular premium products, you may have the option of paying our adviser charge over an agreed period of time but within 12 months of our advice. We will agree with you the amount and timescale of payment that is best for you. The instalments only cover the adviser charge and will not cover the cost of any ongoing service, which will be agreed with you separately.

a. **Paying by instalments through your recommended product**

Some regular premium product providers will accept your specific instruction to pay our adviser charge from the product you have purchased. They will require you to instruct them of the amount to be paid for each instalment and the number of instalments to be made.

While this option means that you will not pay us up front, it does not mean that you are not paying us. Our adviser charge will be paid indirectly through the product deductions. These deductions could reduce the amount left for investment.

b. **Paying by other arrangements**

We can facilitate payment by instalments through a direct debit or standing order agreement.

Keeping up with your payments

21. It is important that where you have decided to pay your adviser charge by way of instalments, you keep up with your payments. Where you do not keep up with your payments, the total outstanding amount will become immediately payable on demand.

Settling our charge for our Non-Advised Service for Pensions or Flexi-Drawdown

22. The fee for this Non-Advised Service can be paid from your pension funds. It will be taken as a one-off initial charge. Should you prefer you can make this payment by way of a single payment either by cheque or bank transfer.

Settling our charge for Our Whole of Market Non-Advised Service for Annuities

23. We are typically paid a commission payment from the annuity provider you select. We will disclose with the application forms, exactly how much they will pay us. This varies from one provider to another. However, typically we would receive 1% commission up to a maximum of 2.5% with a minimum payment of £300 (based on 1% of our minimum fund of £30,000 for the purchase of an annuity). The commission payment is factored into your annuity rate.

24. If you have decided to pay us an adviser charge for this service, this will become payable on completion of our work. You may decide to settle your adviser charge by way of a single payment either by cheque or bank transfer.

5. Our Ongoing Services

29. Please note that if you pay for ongoing services on a percentage basis the amount we receive may increase as the fund value increases, and conversely reduce if the fund value falls.
30. We reserve the right NOT to charge you the minimum fee for our Standard 'Restricted' service (£375) if you have selected a payment from your funds as a percentage based charge (see below). This will be judged on a case by case basis and may take into consideration any period of poor performance that has reduced your funds or the impact of withdrawing funds / income from your plan.
31. The ongoing service charge can be paid by way of a deduction from your investments or by direct payment from you under a bank transfer or standing order as an annual or monthly payment schedule. Any payments will be payable in advance of us providing the annual service in each period.
32. An ongoing service can be cancelled by either party by providing 30 days written notice of cancellation. This will be subject to the delivery of any outstanding items by us, and any settlement of monies due for the ongoing service by you.
33. Please note that VAT may apply to our ongoing service fees. We will tell you if VAT is to be paid.
34. In addition to our ongoing service charges, for 'inherited' or existing plans where we take over the servicing of an existing contract that is within the scope of our Restricted Product Range, but is not on our Restricted Provider List for new recommendations, we may still provide servicing and comment on this product but will only recommend investment solutions from our Restricted Investment proposition. For these plans, because of the increased administration, we will charge 1% of the value of these funds specifically, with a minimum fund value of £80,000. For example, for all funds up to a value of £80,000, we will provide an ad-hoc service when £800 has been received; for funds above £80,000 the 1% charge will apply, e.g. a fund of £200,000 will have a charge of £2,000.
